

No items are displayed in my cross promo gallery.

Saved From: <https://apps.froo.com/kb/article/no-items-are-displayed-in-my-cross-promo-gallery-3.html>

Check that you have other live items. If you do have live items but they are not displaying then check eBay's Item Promotion Manager.

Go to My eBay > Marketing Tools > Item Promotion > Cross Promotion.

If you do not have any other items then you can turn off the cross promo gallery within Froo at step 3.
